Hi Angelo. No one asked until you did, thanks!

I have uploaded some pictures of our family (check my profile). We are doing great! Constance is a kindergartner now, and baby Jennie (who we named after my grandma who raised me), is so amazing! Like her sister (at this age), she is nearly potty trained, and shes only less than 8 months old. She goes to the potty more often than she goes in her diaper.

Business is doing pretty good despite the decline. We are content, and happy.

I forgot your email, but I'll try to find it to show you some pictures of our recent journeys.

BTW- I like what you said back in Feburary. "Let not the sun go down upon your wrath" Ephesians 4:26"

I realize I've stirred up a hornets nest here, LOL.. But Im not mad. I just decided to work on things that are more important to me, and I haven't been back to this site since I started getting into the same old match of who can insult each other more.

I've been working on my personal websites. Updated the software on all of them. Right now I spend time on <http://www.behindzioncurtain.com> (going on 8 years now), <http://www.UtahPirateRadio.com>, and <http://www.xCannabis.com> It keeps me busy, and keeps me out of the conversations where there are more insults than substance. Those conversations are toxic for me.

I lost my pop to cancer last December. This is a video of him, in remembrance of Veterans Day and this man who I consider it an honor to call my father.

That was video of him and I hanging out together a few months before he passed away. What a blessing.

What a breath of fresh air to see your post though. I hadn't used this laptop in over a month, because it is my Vista laptop and Im not a big fan of Vista. But I saw this site in the history, and I decided to come and check it out.

How are you doing my friend? How is your lovely wife?

Take care!

**Burt LDS wrote:**

For example Potheads, Ryan included use the argument that Smoking Weed is a Sacrament to them! This argument displays the Potheads willingness to pervert what most people view as a Sacred word to fit their agenda! To the vast majority of people the word Sacrament refers to something that represents what Christ taught!

It's in the very first page of the Bible. Genesis 1:29 is not easily misinterpreted. God gave us ALL of the herb that bear seed, and it shall be used for meat. Im not forcing you to accept what the Bible says, nor am I asking you to use cannabis as a sacrament. But the Bible in no way excludes the use of cannabis, and according to Genesis 1:29, it clearly includes the use of cannabis for all. "To you it shall be used for meat". When God said "I give you **all** of the herb that bear seed". By "all" are you under the assumption He meant "all except for cannabis"? And then there is the topic of **Exodus 30:23**, and the anointing oil of Moses. I've made many videos on this subject. But you should do the research your self. Buy the book The Living Torah :(English edition),A new Translation Based On Traditional Jewish Sources by Aryeh Kaplan (Hardcover - Jun 1, 1981) and find out what the ingredient "Fragrant Cane" translates as. "Cannabis". Here is a video of someone reading out of that book, and filming the page: Roger Christie Reading from "The Living Torah"

This is my take on it: Freedom of Religion and the Cannabis Sacrament

And God said, Behold, I have given you every herb bearing seed, which is upon the face of all the earth, and every tree, in the which is the fruit of a tree yielding seed; to you it shall be for meat.

Im tired of people telling me that God made a mistake when He made cannabis. It just isn't so.

P.S. Burt the Religious Freedom Restoration Act of 1993 was not entirely overturned, only part of it, the part that infringes on congress's ability to enforce the 14th Amendment. It does not apply to cannabis usage or possession. And this act has been used recently to defend a cannabis church in New Jersey, and the church was protected under the act. A native American church in Utah used it in a peyote case this year and won the case. You really should do better research Burt.

 <p>11/16/09 13:33:34</p>	<p>I don't know why. But when I am not logged in, I can't see page 4 or 5 of this thread. But when I log in, all 5 pages of this thread show up.</p> <p>Im tired of losing posts that I have worked hard on. So like usually, Im just going to post this on my site. If for nothing else, to archive these conversations that I work very hard on.</p> <p>People can block my thoughts, erase my thoughts, or hide my thoughts in this domain. But not on my own blog. So it's all good. There were some comments, questions and accusations tossed my direction, and I took a serious amount of time to respond to them.</p> <p>Now Im done for awhile.</p> <p>Have a great life! Make the best of it. And Angelo's advice is awesome: "Let not the sun go down upon your wrath" Ephesians 4:26" Thanks Angelo!</p> <p>Peace</p>
